**Session on Leveraging Online Resources for  
Teaching and Research on Viksit Bharat@2047**

The ‘Viksit Bharat Abhiyan’ session in classroom no 313, ECE Department, IGDTUW, featured Ms. Harshita Prasad, JRF, as the speaker on December 21, 2023, who engaged 42 students in a discussion on the “Leveraging Online Resources for Teaching and Research”. Viksit Bharat Empowered is an innovative initiative that harnesses the power of online resources to enhance teaching and research in India. The session explores the key aspects of this program, highlighting its objectives, strategies, and impact on education and research.

Ms. Prasad discussed that the Viksit Bharat aims to revolutionize the traditional education and research landscape in India by integrating cutting-edge online resources into the academic framework. This initiative is driven by the vision of fostering a digitally empowered learning environment and advancing research capabilities across diverse disciplines. She has discussed the primary objectives of Viksit Bharat Empowered which includes bridging the digital divide, enhancing pedagogy, and advancing research. Bridging the digital divide ensures equitable access to online resources for educational institutions and researchers across the country. Enhancing pedagogy integrates interactive online materials, multimedia resources, and collaborative platforms to augment teaching methodologies.

Advancing research provides researchers with access to global databases, online journals, and collaborative tools to facilitate impactful research endeavors. She has also emphasized on the strategies like infrastructure, curriculum integration and training and capacity building, which needs to be achieved by 2047. She has also discussed the impact it makes on research and teaching and challenges and opportunities. The session stands as a beacon of progress in leveraging online resources for teaching and research in India. By addressing challenges and seizing opportunities, this initiative has the potential to transform the educational landscape, empower learners, and contribute significantly to advancements in research across the nation.
